SUMMARY

Enthusiastic Full Stack Developer with a track record of designing and developing innovative solutions to enhance customer experiences. Skilled in Django, React, MySQL, and AI/ML. Led successful projects involving AI technologies resulting in increased customer engagement, revenue growth, and cost savings. Eager to bring my passion for problem-solving and drive for excellence to contribute towards achieving your company's mission and goals.

EXPERIENCE

Lead Web Developer

Crème de la crème agency

📅 2023 - 2024　　📍 Quebec City, QC

Crème de la crème is a marketing agency specializing in web development, branding, social media management and online advertising.

- Designed and implemented engaging websites aligned with client branding and marketing strategies, enhancing online presence and customer engagement.
- Collaborated closely with the marketing team to conceptualize website layouts and functionalities, ensuring seamless integration of marketing objectives and digital design.
- Played a key role in content strategy discussions, advising on content placement, site architecture, and SEO best practices to maximize reach and impact.
- Oversaw website hosting solutions, ensuring optimal site speed, uptime, and security were achieved, thus providing a reliable and efficient platform for client needs.

Front End Developer

Maxtrack

📅 2022 - 2023　　📍 Quebec City, QC

Maxtrack is a groundbreaking platform that leverages the power of AI to revolutionize the music industry. Its mission is to develop cutting-edge tools and technologies designed to support and empower professional musicians.

- Designed and developed the company's website using Next.js and Tailwind CSS, ensuring a modern and visually appealing online presence.
- Managed and maintained PostgreSQL databases, ensuring seamless data storage and retrieval while ensuring optimal performance for the web application.
- Worked closely with cross-functional teams to identify and resolve technical challenges using agile methodologies like Scrum, ensuring smooth project progress.
- Created documentation to facilitate knowledge sharing among team members and ensure future maintainability.
